

2024 Whole Farm Supporter CSA

GVB at Rocky Creek Farm strives to run a diverse, regenerative farm with the most healthy and ecologically sustainable management system. On 57 conservation easement acres, our native river bottom land provides refuge for birds and wildlife, and our cultivated fields produce vegetables, flowers, pork, lamb, honey, apples, and small fruit for our community! This share truly supports all aspects of our farm. Let us be your farmers!

The 2024 Whole Farm CSA starts the 7th of February at Rocky Creek Farm and runs for a full year. During the Summer and Winter CSA seasons, you may choose the pick up location of your vegetable and flower CSA; Off season veggies, Feb - early June and October, and all of the other products are only available at the Market Stand at Rocky Creek Farm.

The 2024 Whole Farm Membership costs \$5,500 and includes:

- 52 Weeks of Vegetable CSA; Year round, weekly boxes of Certified Organic Produce.
- 23 Weeks of Flower Subscription; The regular summer 17 week season plus 6 more weeks, before and after the main season, depending on weather.
- 40 Weeks of Eggs; Our hens typically molt and recover in Nov-Jan and reliably lay the other months of the year.
